

## **NOTE ON PATIENT CONFIDENTIALITY**

By Federal law, without your authorization, your protected health information (including but not limited to the results of your Health Risk Assessment) may NOT be disclosed to third parties except for the purposes of treatment, payment or health care operations or for public health or the safety, and will NOT be disclosed to your employer.

The steps outlined below are intended to provide brief notes regarding Activate Clinic's approach to protecting the privacy and security of individually identifiable health information.

#### Steps taken to ensure this outcome:

- The Clinic operates according to privacy and security processes mandated by state and federal law
- The Clinic uses an electronic medical record protected by both access and authentication controls
  consistent with the National Institute of Standards in Technology requirements. No one can access
  Protected Health Information without satisfying appropriate multifactor security protections and
  only Activate personnel have access to such controls
- Data does not reside on personal computers—only in the secure web server in a remote and protected location
- All computer maintenance, cleaning, etc., is managed by outside contractors not the Employer
- The Activate Clinic premises is protected by a special security system and only Activate staff members have access to the Clinic Premises after hours

Pursuant to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), the Health Information Technology for Economic and Clinical Health (HITECH) Act and the regulations promulgated to implement them, the Activate Clinic has implemented a *Notice of Privacy Practices*, which describes Activate Clinic's approach to the privacy and security of Protected Health Information.

### HIPAA COMMUNICATIONS AND DISCLOSURES AUTHORIZATION

The federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act ("HITECH") a subpart of the American Recovery and Reinvestment Act of 2009 ("ARRA") and the implementing regulations regarding the privacy and security of individually identifiable health information (45 CFR Parts 160 and 164) promulgated thereto (collectively, the "Laws") require patient authorization for certain uses of such patient's individually identifiable health information ("Protected Health Information" or "PHI"). While the Laws permit, generally, the use and disclosure of PHI for treatment, payment and operations, Activate Healthcare, PC requests formal authorization from each patient to enable its legitimate use of PHI, in all cases.

authorize **ACTIVATE HEALTHCARE**, **PC** to receive, use and/or disclose my Protected Health Information for the purposes of Treatment, Payment, and Healthcare operations as described in the Notice of Privacy Practices.

Specifically, by executing this Authorization Form I intend to permit Activate Healthcare PC to use and release my Protected Health Information to other third parties, healthcare providers and to my health plan as necessary for Treatment, Payment and Healthcare Operations under the Laws.

Moreover, I authorize other third parties, healthcare providers and my health plan to release my Protected Health Information to Activate Healthcare, PC, as necessary for Treatment, Payment and Healthcare Operations under the Laws.

I acknowledge and agree that Activate may use or disclose, as appropriate any and all information in its possession, including information relating to any medical history, mental, behavioral or physical condition, including drug or alcohol conditions, and any diagnosis or treatment about or received by me.

**Communication with Patient:** I specifically authorize Activate to communicate with me using the confidential contact information provided below for that purpose and using the Twine and other applications. I understand that Protected Health Information will only be communicated using secure means, such as Twine and the Activate Patient Portal.

**Twine Messages**: I understand that Activate provides an Activate Patient Portal and Twine application, both of which allow patients to input data, such as weight or blood sugar or blood pressure, and, using Twine, to send **Non-Urgent** messages to their providers and allows Activate providers to send messages back to patients. I understand that Twine is **only** for **Non-Urgent** matters. I understand that Activate Providers do **not** have access to Twine except when they are in the Activate Clinic.

Activate Providers will attempt to respond to all Twine Messages and Alerts within two (2) business days. Activate Providers will only respond to Twine Messages and Alerts, and cannot otherwise monitor information provided by patients through Twine or the Activate Patient Portal.

Activate Providers cannot and **will not** respond to emergency or urgent messages, alerts or conditions, using Twine or the Activate Patient Portal.

If I have an emergency condition or an urgent problem, I will call 911 right away.

Further, pursuant to this authorization, I authorize any uses or disclosures not mentioned herein, but otherwise required by law.

I acknowledge that I have been given the **ACTIVATE HEALTHCARE**, **PC** Notice of Privacy Practices. I understand that if I have questions or complaints about this Authorization or about the privacy practices of **Activate Healthcare**, **PC** that I should contact the Privacy Officer at <a href="mailto:privacy@activatehealthcare.com">privacy@activatehealthcare.com</a>.

I certify that I have read and fully understand the Authorization fully, have the opportunity to ask questions about it and voluntarily agree to its contents.
