With ever changing situation with CO-VID 19, we'd like to keep you up to date on how this is affecting Local 166 and its membership.

On March 23rd, 2020, Indiana Governor Eric Holcomb announced a "stay at home" order effective through Monday, April 6, at 11:59 p.m. ET.

When it comes to the working members, what this mean is that individuals may leave their homes and residences in order to provide any services or to perform any work necessary to offer, provision, operate, maintain, and repair "Essential Infrastructure". According to the Governor's executive order the work done by the members of Local 166 is deemed to be a part of that Essential Infrastructure and that he or she may report to work.

Reporting to work is every individual's decision to make.

During this time, we will continue to monitor the situation and provide updates. The Local 166 Union Hall and Joint Apprenticeship Office will be open with limited capabilities, as most of the office staff will be working remotely. If you have any questions or concerns, please call the hall or listen to after-hours information line.

Thank you, God Bless and please be safe.
